# It's Smart to Buy Now

"COINTOONS"

*By Bill Gersh*

It's smart to buy now. Why? Because ever since before the war—prices have never been as low as they are at this minute.

Leading ops believe that the turning point has been reached, as far as collections are concerned, and that the trend is now definitely upward.

Therefore, those ops who are closely following general conditions, are buying the equipment they will need for the coming Spring and even Summer months, especially for the resort spots, right now.

A good indication of the fact that prices won't go much lower, are the quotations which were made on certain of the better used machines, both music and amusement, a few months ago, and which have now gone up.

In this past week's issue of *The Cash Box*—there was an editorial devoted to the fact that operators who had heard about these very low prices and who decided to buy—suddenly found that the prices they had heard about were only "talk"—and that the actual prices were many dollars more per machine.

Therefore, as well known coinmen state,, "The smart operators are buying *now* because they realize that the low point is passed. Prices must continue upward from now on in, especially as this recession period begins to fade with the labor once again working in full swing."

Another coinman stated, "Operators can now get good used equipment at a price which can be rapidly amortized. This is, therefore, the time for operators to buy the machines they will need as we get into more normal collections once again."

. Another, and even more important factor is that as the 1947 summer resort season comes into being, there will be a demand for good used equipment for a great many locations where ops won't want to start off with new machines. They will, as usual, first want to learn whether these locations can pay off for new equipment. And used machines are best for this.

There is no doubt, then, that prices will zoom upward when this happens. The trade also knows that it is gradually righting itself into a more normal business basis and that, as this normalcy period is reached, machine sales will go ahead faster than ever before.

New machines remain the answer to greater profits and continued play stimulation in any location. "But", as some operators have stated, "we can't place high priced, new equipment everywhere. We must continue to buy used machines, too, especially for those spots where the take isn't as good as it should be."

Then it surely is smart to buy now—while prices are low.

This is the one real answer to the operators' problem. Get those good used machines, while they are obtainable at these low prices, and add them to the route so that the general collection average will, because of quicker amortization, show more profit.

The operator must use every possible angle these days to assure himself better collections. Music machine ops are gradually, everywhere in the nation, adopting varied better commission methods and many are changing coin play wherever possible.

Amusement machine ops are also using ingenuity in rapid purchase of new equipment to stimulate play action and just as rapidly moving the machines down the line to secondary locations as play wanes.

But, the trade-in of a new game is important to the general profits earned from the machine. Therefore used machines, especially at present low prices, continue to bring profits while new machines are being switched.

It's smart to buy now—buy quick—before prices start going up again.

# PUBLIC SWING IS TO LOW COST ENTERTAINMENT

## Opens Opportunity for Return of Big Play Action to Coin Machine Biz. Economists Report Turn from High Priced Entertainment is Plainly Marked. This is Time for Ops to Cash in by Featuring Best Equipment and Promoting Play

NEW YORK — With facts and figures just released by some of the nation's leading economists that the public is swinging away from expensive, high-priced entertainment—the opportunity arises for the coin machine industry to get back into full speed, high take action immediately.

It is now definitely up to the individual operator who can surely note, right in his own community, that nite spots, dance halls, expensive cabarets, big-time, high-priced sporting events and the many other expensive entertainments are getting the go-by from the public.

It is now up to him to stimulate greater play for himself thru the use of the right equipment, well located and well promoted, so that no person entering any of his locations will go away without dropping some coin into his machines.

As the public swings back to ever greater economy, evidenced even in the purchase of many necessities, popular and economical entertainment (which is just what the coin operated machine industry has based its entire success upon) will come back into ever stronger vogue.

The operator must, imperatively must, check every single one of his locations to make sure that he has the right equipment in each and every spot. He must also see to it that his equipment is gleamingly clean and sparklingly inviting to the public. He must promote greater play by using every ingenious angle—like those ops who are placing small printed musical programs on each table in their restaurant spots calling attention to the songs which can be purchased from the phono as well as from the wall and bar boxes in the place.

The amusement machine ops must work very closely with each location owner to assure getting major attention to their equipment. This is not the time to forget to clean a playing board or wipe a top glass or let scathy ugly scars stare forth from the machine. This is, instead, the time when the very outstanding attractiveness of the game, plus some play stimulation on the part of the location owner, will bring the public right into the operator's fold.

Now that these leading economists have reported that the public will no longer pay high prices for entertainment—it simply means that the coin machine industry is again in the same position it was in 1929, 1930, 1931 and the years that followed which helped bring it out of its swaddling clothes to become "big business".

Here, once again, is an opportunity for each and every operator. Here, once again, is what the entire industry has looked forward to. It's a chance to "fly" right over the hump (not "crawl" over it) for those operators who will give their immediate attention to promoting the play of their machines to the general public right in each individual location.

# STOP DIRECT SELLING OPS CRY

## Blame Open Newsstand Information to Location Owners for Direct Sales. Also Attribute Much Present Territory Troubles and Higher Taxes to Officials and General Public Getting Inside Info on Newsstands. Urgent that Such Info Stop, Ops Say, Especially While Trade Fighting to Bring Back Biz Boom. "Direct sales and such open information cause trade thousands of dollars damage," Op Reports.

CHICAGO—Among the most important conversations held during the past CMI show was that of the operators who grouped together to discuss direct sales to their locations. Many of these men were fighting mad. Some of them produced actual bills and other data of a nature which angered other ops who were present and brought about the general opinion that, as one noted op put it, "The time has come when open newsstand publication of ads with prices and confidential information regarding our business must halt. Direct sales", he continued, "and such open information obtained so cheaply from newsstands causes this trade thousands of dollars damage each year."

A Tucson, Ariz. operator brought forth the fact that he had been losing locations to direct sellers in the industry. He wrote, "As a subscriber to *The Cash Box* I am taking the liberty of writing you on a subject that is very important to me and various other operators in this vicinity.

"I am a vending machine operator of ball gum, Boston baked beans, popcorn and almond machines; all in the county and city of Tucson. It has come to my attention that the C. E. Leobold Co. of 1139-41 S. San Julian (Los Angeles) is selling machines and merchandise direct to locations. The M. Brodie Co. also uses this address.

"I doubt very much that anything can be done about a situation like this in another state, but maybe you can refer me to some organization or someone who can bring pressure to bear, that will stop this direct location selling."

Jumping clear across the nation to Massachusetts, another op writes *The Cash Box*, "We know you have been printing many articles in *The Cash Box* in regard to selling machines to locations. We have that trouble here again in our territory.

"One location owner, whom we have been doing business with, claims he was solicited by the above mentioned firm and bought his own music and pinball machines from them. If we did not have a contract with this location we would have lost it.

"This business of selling locations has been going on for sometime in our territory. We thought it about time to write and let you know."

The above are only two of many, many letters *The Cash Box* has received regarding direct sales. This backs up the statements of those many ops at the show who discussed the fact that open newsstand publication of prices and inside facts of the industry are not only creating direct sales but also informing officials and politicians as well as the general public all about the industry and thereby bringing on much of the present territory troubles as well as the higher taxes now being attempted by many communities.

One op frankly stated that he believed much of the ASCAP (American Society of Composers, Authors and Publishers) fight to gain a yearly license revenue from each juke box in the nation was due to this sort of open newsstand publication of facts and figures regarding "fabulous music machine profits."

Others were certain that the present flood of higher taxes against coinmen all over the nation was also due to the news which was printed in open publication and which anyone could purchase on a newsstand.

*The Cash Box, to* offset loss of locations, has urged the ops time and time again to sign everyone of their storekeepers to a location contract. It has reprinted the successful "lease contract" being used by CAMOA of Oakland, Cal. many times. Thousands of copies of this lease have been mailed.

Yet, this in itself isn't enough, one op pointed out, he believes that all the trade must get together to halt open newsstand display of machines, especially with prices and, more than anything else, halt all information falling into the hands of location owners, officials, politicians and the general public regarding this business.

"The time has come", one noted association leader said. "when a complete halt must be called about inside information of our industry getting into the hands of anyone but a man engaged in this business. And, especially from getting on a newsstand."

# SHAKEDOWN PERIOD REPORTED OVER

## Shakedown of Industry's Entire Price Structure Reported Over. Claim Prices of Used Equipment Now at Lowest Ebb. Feeling is They Will Go Up. Wholesalers State They Cut Into Own Profit to Help Meet Ops' Demand for Lower Prices.

NEW YORK—Thruout the trade the report is now current that the "shakedown period" as it is being termed—is over.

Leading coinmen claim that prices of machines are down as low as they will ever go. They also state that they are pricing whatever equipment they now have at points where they are not earning any profit, but are satisfying the demand of their operators to get equipment at the lowest possible prices.

Wholesalers claim that they are actually cutting into their own profit (as they have done for some months now) to meet the demand of the operators for lower prices. They explain that distribs thruout the country are setting prices in keeping with the requirements of their individual territories.

There is a feeling, according to those coinmen interviewed, that prices will not go much lower. "In fact," one noted coinman stated, "if anything at all, they will go up."

He also said, "We've reached the bottom of the shakedown period. This came a little later in the coin machine business than it has in other industries. But, it has at last arrived, and there is no longer any doubt that prices are at rockbottom and must start upward—they surely can't get any lower."

Most of the wholesalers claim that they are losing money on the equipment they have on hand. Machines that were left over from months past, especially in warehouses, have fallen to such new low points, that most of these wholesalers are writing off each sale as a "loss".

Others, who purchased whatever they needed as they went along, and whose stockrooms were more or less clean when the price crash came, are holding the line they have reached and will not "load up" with any equipment until they see a decided upward turn.

"There's no use buying", one noted distrib stated, "at this time when we don't yet know whether prices will go any lower or will remain stationary. Once we see the market trend we can decide on our future course. We do look forward to a stronger market and very soon, but like everyone else, we are very cautious at this time and will proceed with the greatest care."

There continues to be a good demand in most territories for equipment of all types. As usual, music equipment is leading but, from all indications, amusement machines are gradually getting stronger and many believe that these may even surpass the sale of music very soon.

One coinman said, "Mixed routes are now the vogue. Operators are using all kinds of machines and few are specializing as they once did. Of course, in those territories where they can't run anything but music and certain other equipment, they have to continue on as they did in the past. But, where other equipment can run and where attempts at putting it into operation are being made, the operators of music are now mixing their routes with amusement, service and merchandising machines and whatever else they feel will prove profitable." (The fact that more mixed routes are coming into being was reported for some months now by *The Cash Box.*)

Most important, of course, is the fact that all coin machine leaders report that they believe the "shakedown period" is over. Prices are down as low as they will ever get, is the general concensus. Some believe they will go up. Others feel that they will hold. Some want certain older type machines entirely eliminated from any price consideration whatsoever on the present market. All believe that the newer games of '46 and those being introduced in '47 will establish a new type market price structure, but, that these will be lower, comparatively, to what prices were for former used equipment.

If the shakedown period is really over, most coinmen report, they can now go on ahead with plans for whatever machines they have on hand, "Take our loss", as one leading coinman stated, "and proceed from this point on accepting present prices as the lowest point that can be reached and create a new market from now on in."

# SHAKEDOWN PERIOD REPORTED OVER

# Which Way to Greater Operating Profits?

It is universally agreed that the operator must increase his income to exist under current conditions.

But there the agreement ends.

Wurlitzer contends that *quarter-dime play* will produce that extra income. We have promoted the new basis of play with every means at our command. We are already seeing it work out successfully in thousands of locations.

To those who believe *more play per phonograph* is the answer, we have this to say.

Wurlitzer has done and is doing more — *far more* — than anyone else in this industry to promote phonograph play.

For 1947 Wurlitzer will run 53 full-color, full-page ads in 8 of the greatest national magazines *promoting phonograph play!*

For 1947 Wurlitzer will post 18,000 billboards from coast to coast *promoting phonograph play!*

For 1947 Wurlitzer is launching a tremendous point-of-purchase campaign *promoting phonograph play!*

Talk won't solve the problem of producing extra operating income. Action will. Wurlitzer, and Wurlitzer alone, is acting from both the standpoint of *more play* and *more pay* for the benefit of all operators! The Rudolph Wurlitzer Company, North Tonawanda, New York.

# THE CASH BOX Record Reviews

**"Necessity"**

**"How Are Things In Glocca Morra?"**

**GEORGIA GIBBS**

**(Majestic 12009)**

O One of the top records to come along this past week offers a pair of sides from the new Broadway hit musical "Finian's Rainbow." Less known of the two, but a great hunk of melody as performed by low-voiced Georgia Gibbs, is "Necessity." Peg it as a song you'll hear lots of in weeks to come. The performance turned in on this semi-rhythm novelty by Georgia is strictly excellent and from all directions shapes up as something for the trade to order up. On the flip, Georgia again comes thru in fine style, and this time it's with the well known climber "How Are Things In Glocca Morra?" All phases of its presentation merits our seal of juke box approval.

---

**"The Preacher and The Bear"**

**"Where Does It Get You In The End"**

**PHIL HARRIS**

**(Victor 20-2143)**

● Phil Harris steps to the fore here and offers ops more fast lip action in a style that is rapidly becoming associated with him. Harris tells the story of "The Preacher and The Bear" in fast beat here, with the ork taking off in spots. Flipped we find, "Where Does It Get You In The End," another Harris specialty ditty, done up in that same manner. Backing is in a slower measure, with less appeal than its topmate. Ops who have a call for Harris and his stuff should lend an ear to this pair.

---

**"Illusion"**

**"Another Night Like This"**

**HAL WINTERS**

**(Apollo 1034)**

● Peg this platter as one destined for big things. Hal Winters, a newcomer in the nest of crooners, should make a big splash with his initial try. Titled, "Illusion", the lad cuts it smoothly throughout the waxing. The rhumba beat that the Jose Morand crew inject add flavor and quality to Hal's nostalgic rendition. The tune is a dreamy ballad, one which the star gazers will latch on to, but fast. On the backing with "Another Night Like This", Hal does another ballad with that same smooth styling and Latin touch. The lad and the tune should rise fast, with the ever increasing demand for stuff of this sort. Ops should latch on to "Illusion" — it's sure coin action in the phonos.

## DISK O'THE WEEK

**"My Dearest Uncle Sam"**

**ANDREWS SISTERS**

**(Decca 23824)**

ANDREWS SISTERS

O When the Andrews Sisters come up with a click, it's a click that makes plenty of coins clink in phono cash boxes. Well, their latest, "My Dearest Uncle Sam," sounds like such a click. It's a novelty done to a calypso rhythm, and the story the gals tell should strike an echo with plenty of guys who took a voyage on the Pacific during the past few years. A great item for spots where those guys now gather, the side has all that it takes to catch with the general public once it gets around. Let 'em hear it! On the flip, the gals do that oldie, "The Lullaby Of Broadway." They do well by it, too; and considering the heavy trend for melodies from out of the past, the side has what it takes to do a job on its own.

**"Song of Songs"**

**"Easter Parade"**

**PERRY COMO**

**(RCA-Victor 20-2142)**

● One of the better items to come along for the trade during this past week is "Song of Songs" by Perry Como. The same can be said for its mate, "Easter Parade." Both tunes are well remembered and in continuous demand, so it can be expected that these sides by Perry will enjoy heavy play. As for his performance on the pair, it can be said that he gives one of his most effective presentations with this disk. It's a platter for profit.

---

**"How Big Can You Get Little Man"**

**"More, More, More"**

**LUCKY MILLINDER**

**(Decca 23825)**

Latest pair of race records sides headed ops way are Lucky Millinder's "How Big Can You Get Little Man" and "More, More, More." Shaping up nicely, Annisteen Allen offers a pleasant vocal rendition on both sides. It's slow stuff in a mellow mood, with the chirp taking honors all the way through. Ops who use this brand, might do well to get next to this pair.

**"A Nickel For A Memory"**

**"A Sunday Kind Of Love"**

**LOUIS PRIMA ORCHESTRA**

**(Majestic 1113)**

● Obviously baited for the juke box trade is this ballad tabbed "A Nickel For A Memory," and maybe it'll work out to the advantage of all concerned. As done here with Jack Powers on the vocal, "Nickel" emerges as a pleasant romantic item, but not very much more. It'll catch coin from the more nostalgic customers to be sure, but unless it gets heavy and sustained plugging from the powers that be, don't expect too much from it. The flip, "A Sunday Kind Of Love," is better quality from every standpoint. Here, Louis takes the vocal stint and the side emerges as a surprise. Louis, hoarse voice and all, gives this romantic ballad an effective interpretation, good enough to click with the general trade as well as his legion of fans.

---

**"We Could Make Such Beautiful Music"**

**"You Can't See The Sun When You're Crying"**

**GEORGE TOWNE ORCHESTRA**

**(Sonora 2002)**

● Members of the trade seeking a pair of sound sides for "fillers" would do well to get next to this platter by the George Towne ork. Offering "Yon Can't See The Sun When You're Crying" and "We Could Make Such Beautiful Music", two powerful ballads, spots catering to romancers should find the disk particularly useful for dancers and listeners alike. "We Could Make" is done vocally by a duet of Mary Ann Wayne and Russell Drew, while "You Can't See The Sun" has its lyrics as a single by Mary Ann. All hands do workmanlike jobs on both sides.

---

**"Heartaches"**

**"If I Had My Life To Live Over"**

**RED McKENZIE**

**(National 9026)**

● Here's a disk that's truly a double header for the phonos. Featuring "Heartaches" and "If I Had My Life To Live Over," a pair of tunes currently enjoying peak action on the phonos in many territories of the nation, the platter bids strongly for consideration. Red McKenzie,, a favorite recording artist of the 20's and 30's, handles the vocal chores on both sides, and he handles them capably and well—certainly in keeping with the old-time flavor of both melodies. There is a similarity between his styling and that of Al Jolson, and in many spots that factor may help the action. At any rate, give this hunk of wax your attention by all means.

### "The Things We Did Last Summer"

### "A Gal In Calico"

**LARRY DOUGLAS**

**(Signature 15074)**

● Both "The Things We Did Last Summer" and "A Gal In Calico" have seen their most profitable days on most of the nation's phonos, but this pair of interpretations, offered by Larry Douglas, are given review because his performance is loaded with promise of clicks to come. He's a good vocalist, using few swoon tricks to carry himself over to the audience, and he presents a song as it was written. Backing him on this pair is the Roland Dupont Quintet. They make light music, but effective. However, for the phonos, we do wish Larry had a heavier ork behind him.

---

### "I'm In The Mood For Love"

### "Why Do I Love You?"

**MONICA LEWIS**

**(Signature 15072)**

● Here's a pair of standards by which the trade should do better than well. Featuring Monica Lewis on the vocal and the famed Ray Bloch Orchestra on the instrumental interpretation, the platter comes up as an inviting item for placement in locations where the customers gather to romance and remember romance. Of the tunes, both "I'm In The Mood For Love" and "Why Do I Love You" are favorites of long standing. To them, Monica lends her silken voice in a manner that should continue to help make the gal one of our more profit-culling performers.

---

### "Anniversary Song"

### "The Girl That I Marry"

**LARRY DOUGLAS**

**(Signature 15075)**

● Just about everybody and every label has waxed "The Anniversary Song," which was brought to popular demand via the flicker, "The Jolson Story," but because this is another example of Larry Douglas' song selling, it's worthy of consideration. Once again the lad has the Roland Dupont Quintet behind him, and their hushed intstrumental allows Douglas to really showcase his vocal. Once again, Larry handles the ballad with simplicity, tho with heavy feeling, and that should make a mark where the folks want the number strictly as the listener's item it is. For that demand, he truly satisfies. The flip is "The Girl That I Marry," and here Larry's job is accomplished in the same manner to be found in the original "Annie Get Your Gun." Give the lad a whirl, we've got a hunch lots of people will take to him big.

## SLEEPER OF THE WEEK

### "Hey Daddy-O!"

### "Slow Burn"

**SY OLIVER ORCHESTRA**

**(M-G-M 10004)**

SY OLIVER

● A new band, a new song, a new record company. Tie all three together and you have a great production for the phonos. It's tabbed 'Hey Daddy-O," and it sounds like one of the best little rhythm novelties we've heard in many a month. Slanted strictly as an item for race locations, it may very well be that the disk will explode in heavy action everywhere. The Sy Oliver ork can take heavy credit from all sides, and Sy, himself, can take the lion's share of that. The vocal, composed in the main of rhythmical conversation and chanting chorus, includes a few lines that'll net a double play from the customers in an effort to determine "Did they really say that?" In addition, the instrumental is great, tho it's not till they get to the backing, with "Slow Burn," that they really get a chance to show how good they are. If you have the spots, grab this platter and let the boys sound off for themselves.

### "The Sheik Of Araby"

### "Squeeze Me"

**YANK LAWSON'S JAZZ BAND**

**(Signature 23103)**

● Here's a disk that can be put to good advantage in many select locations where the demand exists for the better brand of jazz musicianship. For such spots, the Yank Lawson Jazz Band offers a pair of sides tabbed "The Sheik Of Araby" and "Squeeze Me," and the music they make would fit well on the phonos. It's not raucous, but it is good jazz. In addition, it might be an interesting experiment (and maybe a profitable one) to place "Araby in spots where oldsters gather. Yank's crew plays the item in a manner reminiscent of the Twenties, and the memory seekers should be drawn to it.

### "Let's Fall In Love"

### "Walking My Baby Back Home"

**BILL DARNELL**

**(Keynote 665)**

● Ops seeking a pair of oldies for their tavern spots would do well to get next to these sides by Bill Darnell. Offered are "Let's Fall In Love" and "Walking My Baby Back Home," and what with Bill's effective warbling and the pleasant instrumental support provided by the Babe Russin ork, the disk can be expected to snare steady action from the memory seekers.

---

### "Rainy Day Confession Blues"

**ROY MILTON**

**(Milton 1-10)**

● With lots of moaning, deep howling, and a rich blue theme, the Roy Milton ork render two sides of "Rainy Day Confession Blues" here. Aimed at spots that can handle this stuff, peg the disc as a natural for the melancholy jazz fiends. Roy's crew show their wares to good advantage, with the maestro himself spotlighted on the vocal.

---

### "The Jolly Jack Polka"

### "Let's Roll Out The Barrel Once Again"

**JACK ROBEL ORCH.**

**(Decca 45006)**

● Loaded with appeal for polka territory, "The Jolly Jack Polka" should attract plenty of attention. The Jack Robel crew turn in a splendid performance here, that should net ops plenty of coin play. A nice brisk polka beat, coupled with pleasant orchestration rates the tune high on our list. Backed with "Let's Rolll Out The Barrel Once Again," Jack offers more polka in a slower tempo. Peg the topside tune as one for the money.

---

### "Anniversary Song"

### "Sonata"

**GEORGE TOWNE ORCHESTRA**

**(Sonora 2004)**

● High in popularity on the phonos in territories where "The Jolson Story" is being screened is the 'Anniversary Song." As done here by the George Towne ork, with Mary Ann Wayne and Russell Drew handling the lyrics as a duet, the tune comes up as an item for the trade that'll draw its share of action. The interpretation George gives it is strictly on the sweet and low side with few identifying tricks. Flipped, the crew brings up "Sonata," and if you haven't sold all the play the song will stand, you'll do things with it. Russ Drew sells the verse pleasantly. Consider it for where the hand-holders gather.

# BYRDE'S EYEVIEW 'ROUND THE WAX CIRCLE

by Byrde Gore

All around the wax circle indications are at hand that the time to separate the men from the boys has come, and the days when a couple of guys with a total of thirty bucks between them were self-announced disk manufacturers are over. Competish between the labels has grown razor sharp, and where but a few months ago the biggies of the biz took small heed of anything other than attempts to fill their own orders, today the old custom of scouring the market for heavier sales volume is on full blast. Yup, today an indie has got to have more than its normal share of what it takes to keep alive. A lot of big guns are pointing their way.

* * *

For the next few weeks the trade will be eyeing M-G-M Records. Considering the heavy bankroll the plattery is emerging from, no wonder. But if anybody's quizzical about what policies can be expected from the new diskery, it might be well for all hands to consider that Frank B. Walker, M-G-M Records' chieftain, was formerly vice-president in charge of the RCA Victor platter works, and thus far there have been many striking similarities in the policies adopted by M-G-M with those practiced by the Victormen . . . By the way, it is rumored that a few legal eagles are itching for a day in court with Leon the lion.

* * *

From Cleveland, Ohio, comes word that the Phonograph Merchants Association (local trade group) has selected The Three Suns' first Victor recording, "If I Had My Life To Live Over." as their Hit Tune for the month of March. How could they go wrong? The tune, originally done by Larry Vincent, has been riding way up high on New York phonos for several weeks, where, it might be added, it was given its first big send-off after it was practically pushed out on the trade by John Halonka and Gloria Friedman of the Runyon Sales Co. of New York. In addition, it was chosen as a "Sleeper Of The Week" by The Cash Box. But when it comes down to taking a bow for it, Tin Pan Alley might do well to take note of what a few thousand juke boxes accomplished and throw a bit of applause their way. The boxes did what song pluggers couldn't.

* * *

Over at Apollo Records the folks are thumping the drum (and with good reason) over Hal Winters' "Illusion," with the Jose Morand ork. According to late reports, newcomer Hal's disk is being avidly bought up by a number of ops out Chicago way, who have had it spinning merrily on their routes for about ten days. In addition, a number of the New York lads are spreading them out here, and what with the fact that Hal is opening as a special added attraction at the popular Havana Madrid nitery, big things are expected . . . Also creating interesting comment is a newly released calypso novelty by King Houdini, tabbed "Bobby Sox Idol.' which is getting an important start in Detroit, according to Merle Schneider, w(ho heads the Apollo distrib branch in that city.

* * *

Too bad that Frank Sinatra's "Soliloquy" was put out by Columbia as a 12-incher. Getting heavy action in many automatic bostess installations and wired music outlets, it could have proved a heavy drawing item if available for the greater majority of phonos . . . THE FRUIT OF GREAT ENDEAVOR DEP'T.: Hal Feit, who came to the Capitol Records' New York Branch from the U. S. Navy six months ago. has been appointed assistant manager of that office, we've been informed by John P. Coveney, the manager. Getting oriented in his new territory is Bob Stabler, hard driving Eastern Regional Manager for the label. Assigned here after a bang-up job as Mid-Western Regional Manager, Bob is a man to watch. So are Capitol's sales charts for this territory.

## Spike Cracks Wax

SAN FRANCISCO, CAL. — The screwball City Slicker maestro, Spike Jones, runs riot at Wired Music Management headquarters in this city, where the madcap baton-wielder's platters are reported heavy favorites. Presumably those are rival's records he is tossing around so blithely. Spike was taking time out from an appearance at the local Golden Gate Theatre

## Art Lund Does Wax Date With Harry James

HOLLYWOOD, CALIF.—Art Lund, the former vocalist with Benny Goodman's Orchestra, did a recording date with the Harry James crew last week. Originally skedded to do one side with James, Lund was called back to do a second side as the result of his excellent first performance.

# N. Y. Glamour At CMI Chi Show

CHICAGO—Glamour in the person of four Walter Thornton models was imported from New York to decorate Signature Record's display space at the recent CMI Show held in this city. From left to right, the gals are: Betty Jones, Louise Hyde, Myra Keck and Vicki Hazel. Telephone numbers were not included in the publicity man's information sheet.

## Decca Names Frazer Head Of ffrr Disk Sales

NEW YORK — Robert Frazer, with Decca Records, Inc., since its inception, and having served that company in several important sales capacities, was recently named head of distribution and merchandising of Decca London ffrr (full frequency range recordings) Records, and Parlaphone Records,

Under Frazer's supervision, four announcements of releases of these imported records have already been made, and distribution to regular Decca dealers is well under way.

Plans to have these British importations, featuring European artists who are leaders in 'pop' music in England, placed among the music op trade here have been voiced by top Decca officials.

# Philly Branch For Apollo; Pact MacRae

NEW YORK—In continuing efforts to enlarge its distribution network, Apollo Records, headquartered here, announced this past week that it would open a sales office in Philadelphia, which would be set up to service cointrade and retail accounts in Eastern Pennsylvania.

In announcing the move, Hy Siegel, Apollo prexy, declared that the office would function as a sub-branch to their New York distribution point for the time being. The Philadelphia sales office will be under the direction of Mannie Taspan, who has been functioning as the Apollo rep in that territory during the past year.

NEW YORK—Pacted to an exclusive recording deal with Apollo Records on Feb. 20th, Gordon MacRae, former Musicraft Records vocal star, has already cut "If I Had My Life To Live Over" and "Heartaches" for his new label. According to word released by plattery officials, the sides will be backed up, and the disk is skedded for an early release date.

## National Records Name Three More Distribs

NEW YORK—A. B. Green, President of National Records, this past week enlarged the roster of the label's sales outlets with the naming of three additional distributors. Appointed were: The Kantworth Corp., of Louisville, Ky.; The Gas Engine And Electric Co., Charleston, S. C.; and Amusement Enterprises of London, Ontario.

The kids that jumped to this tune for so many years while they played it straight, will by all means, beat a path to your phono for this one again. The Krupa ork, make mellow music backing up the chirp, whose vocal shines like a beacon. Backed by an all instrumental titled "Val Triste," it's Krupa all the way, displaying the wares of his bandsmen on a pepped up side. For money in the bank, grab on to "Opus No. 1"!

# C.M.I. BLUE BOOK

**FOREWORD** Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

**METHOD** The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

**IMPORTANT** Machines underlined mean these were most active in trading the past week.

**CODE** Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

| | | | |
|---|---|---|---|
| 1 | MEANS PRICE WENT UP. | 5 | MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS. |
| 2 | MEANS PRICE WENT DOWN. | 6 | MEANS NO PRICES QUOTED FOR PAST TWO WEEKS. |
| 3 | MEANS MACHINE JUST ADDED TO LIST. | 7 | MEANS NO PRICES QUOTED FOR PAST THREE WEEKS. |
| 4 | MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK. | XX | MEANS NO PRICES QUOTED FOR MANY WEEKS — PRICE SHOWN IS LAST KNOWN QUOTATION. |

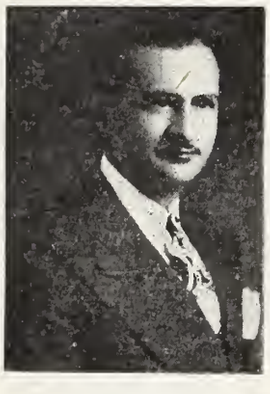
# Joe Brilliant Resigns



JOE BRILLIANT

DETROIT, MICH. — Joe Brilliant, president of the Michigan Automatic Phonograph Owners Assn., Inc., this city, resigned his office February 13 at a general meeting due to very ill health.

He has left for a month's rest in Hot Springs, Ark., and, on his return, music coinmen here hope that he will once again do whatever active work he can for the organization.

Jack Baynes, secretary-treasurer of the association reports, "We wish at this time to thank Mr. Brilliant for his sincere and loyal service to this organization during its entire existence. We cannot thank him enough for the wonderful work he has done in our behalf."

Brilliant, for many years, has been one of the most active workers in behalf of the Michigan music operators. He has been responsible for bringing in a great many members into the organization

# Will Tax Jukes 5% of Gross Income to Pay Vets Bonus

AUGUSTA, ME.—Representative Leo St. Pierre of Lewiston, has introduced a new bonus bill for veterans of World War II to be financed by a tax on theatres, dance halls and juke boxes.

The St. Pierre bonus bill would provide for the payment of $150 cash bonus to veterans who served only in this country and a $300 cash bonus to veterans with overseas service. It will provide no differentiation for length of service in the armed forces.

Rep. St. Pierre's bonus bill plans to impose a tax of 5% of the gross proceeds on all the juke boxes in this state. This bonus bill is one of several under discussion by legislators here.

Music machine men thruout the state are watching the St. Pierre bonus bill very closely and believe that the method of taxation to be imposed would be considered confiscatory.

Other New England coinmen have also shown interest in this bill due to the fact that this plan of a percentage of the gross take tax may spread into other states.

# Utah Legislative Committee Urges Taxing Coin Machines

## Urges Cities be Empowered to License Juke Boxes, Salesboards and Games to Help Make Their Utilities Services Self Supporting

### NEED "NAT'L TAX COUNCIL"

SALT LAKE CITY, UTAH — Increasing awareness of the financial crisis facing all Utah cities and towns, but an unwillingness to dip into state revenues to meet the crisis, except in a minor way, is the gist of the special report on municipal finances presented to both houses of the Utah legislature.

The report was prepared by a special committee composed of state senators and representatives along with several Utah mayors, created by the legislature early in its session to study municipal finances.

Several recommendations were advanced. But, of utmost importance to the coin machines industry is that part which refers to the taxing of coin machines.

Here the committee recommends that, "cities be empowered to make their utilities services self-supporting by licensing amusement devices, including juke boxes, salesboards and other mechanical devices".

Coinmen here underwent much aggravation this past year on the operation of certain equipment. It is now believed cities seeking revenue thru licensing of coin operated equipment much of the products formerly used will be returned to locations. But, what coinmen are worried about is whether the license fees will be so high that operation will prove entirely unprofitable.

This is one time when a "National Tax Council", as proposed for many years by *The Cash Box*, is most needed. The Utah coinmen should have coin machine tax experts on hand to work with whatever committees will be formed to recommend license revenues.

## What's News?

ST. PAUL, MINN. — A bill to license bells maintained by clubs and associations organized for fraternal, social, charitable or religious purposes, with an estimated 3 million dollar annual revenue was proposed in the House of Representatives here. Operators of the machines would pay $2,500 annual license to the state plus $100 to the county for each machine. State's collections would go for direct aid to disabled vets, their widows and orphans. Counties would distribute revenue to subdivisions in which machines are located, taking only enough for administration.

MINNEAPOLIS, MINN. — Preparations are afoot to amend the present juke box license ordinance in an effort to obtain revenue from piped-in music. Present license is $10 per juke box but since one system can service 30 or more spots the city attorney here feels amendment to collect on each individual location be made.

NEW YORK—Figure this one out. "Quiz 'Em" column in the Herald-Tribune (Feb. 2) had the following question, "There are 1.000 000 coin operated phonographs in the U. S. How much do they bring in each year?" And answers the question, "$200,000,000. The owners split usually on a 50-50 basis, with the establishment where the boxes are located."

AUSTIN, TEX. — Rep. Sam Hanna of Dallas protested a move of the Austin Junior Chamber of Commerce to install peanut vending machines for charity in the foyer of the house. He stated, "If we put up one machine we'll have to put up everybody's machine. They'll be selling so many peanuts, popcorn and chewing gum out in the foyer legislators couldn't get into the House."

CLEVELAND, O. — One of the nicest tributes to the juke box appeared in the Press here (Jan. 30) when a full page with pictures was devoted to an article headed, "King Juke" and told all about how the youngsters of this community enjoyed juke box music.

### Op Appears Before City Commission Tax Hearing

PAWHUSKA, OKLA.—Taking argument with local officials against tax measures he considered excessive, Maurice Martin, a local music operator, recently made a personal appearance before the city commissioners

Martin told the city commissioners that the phonos are "already taxed about as heavy as the traffic will stand," adding that if the city adds another high license fee he may be forced to remove most of the machines he has in operation here.

Martin pointed out that he now pays 12 per cent of gross income earned by the machines to the state of Oklahoma in taxes; in addition, he declared, he pays a $10 federal license fee annually on each machine, and that if the city invokes another heavy license the profits from the machines will be cut to the point where he will be unable to operate

### Plan To Tax Wired Music

JOPLIN, MO.—A plan to tax wired music installations in this city is now in the process of being studied by local officials.

At the request of the Revenue Commissioner, the City Attorney is gathering material to prepare an ordinance which would levy a license tax on the equipment.

Currently in effect is an ordinance that levies an annual tax on individual phonos, but there is no tax measure covering wired music

# GAUGED PRODUCTION and CONTROLLED DISTRIBUTION POLICY

Gottlieb Leadership receives new emphasis with the introduction of a Gauged Production and Controlled Distribution Policy, first of its kind in the Coin Machine Industry. This unique plan marks another great stride toward solving many Operator problems.

Under this Policy, only as many games will be manufactured as can be conveniently absorbed by the nation's Operators. Such positive control assures tse Operator many advantages. Gauged Production guarantees quality. The value of a Gottlieb Game is maintained for a longer period. Each machine can be fully exploited on a number of locations and will always have "new game" earning capacity. The Operators' investment in Gottlieb equipment is further insured by HIGHEST RESALE VALUE. Now, more than ever, it pays to BUY GOTTLIEB GAMES!

## Toledo Pingame Tax Net $139,000 In '46

TOLEDO, O.—A strong public relations tool, and a lesson to other municipalities that have turned blue noses high in the air when considering the licensing of pinball machines, could be reaped from an announcement released here recently by city officials.

According to the treasury commissioner's annual report, the tables brought in $139,600 of the $230,127 total from city fees and license

## Mother Defends Phonos

WILMINGTON, DEL. — An irate mother, replying to a letter published here recently in "The Star," in which the American custom of playing a juke box was roundly and bitingly hit, took issue with the opinion offered via the same newspaper.

"What I ask you, is wrong with the so called juke box?" her letter declared. "Surely I, and I'm sure many other mothers and fathers would rather see my two girls, ten and fourteen years old, listening to a record player, than have them out on the street, gazing and giggling, at the folks like him or her (the person who wrote condemning the phonos)."

# Mills Sales In Action

WARREN H. TAYLOR

OAKLAND, CALIF.—Heavy activity in the wake of the recent CMI Show in Chicago was reported this past week by a spokesman for Mills Sales Co., Ltd., headquartered here, and with branch offices in Los Angeles and Portland.

Prompted by the enthusiastic reception accorded the new Mills "Constellation" phonograph, sales trips thruout the vast territory covered by the firm are being planned.

Conferring on sales matters with company executives at the Los Angeles office is Warren H. Taylor, General Sales Manager, who will presently proceed to Arizona and southern Nevada. Dick Eggleston, of the Oakland sales department, is now covering northern Nevada.

Classes on the maintenance of "Voice-O-Graph" and "Photo-Matic" were conducted by Alex Lissiansky of the International Mutoscope Corp. at the Mills Sales Co.'s offices here during the week ended February 21st.

# Set Tax On Pins At $40 Per Month

MOSES LAKE, WASH. — Sky high taxation against the coin machine industry was given a striking example by the city council here, when they recently passed an ordinance setting a $40 per month license fee on pin games.

The figure was set after weeks of battling between the council and coin machine representatives, and the decision was made by the council at its fifth and final hearing on the issue; a new ordinance covering the fee was adopted.

Under the old ordinance the fee had been $100 per year for a master license and $15 per month per machine. The new ordinance will eliminate the master license.

# Berkens Named Sales Manager of Electromaton, Inc.

BARNETT BERKENS

HOBOKEN, N. J.—Barnett Berkens, formerly manager, the Arcade Owners Association, anncunced this week his appointment as General Sales Manager for Electromaton, Inc., this city.

Berkens, thru his contacts with a great many coinmen thruout the nation, takes over the new position with a background well suited for the sales and exploitation of Electromaton's games.

For the next several weeks, Berkens will concentrate solely upon creating a set-up of distributors thruout the country, as well as Canada and Mexico.

Electromaton, Inc., under the leadership of Al Liebman, Pres., and Sam Druckman, Secy.-Treas., has been featuring a roll down game "Rol-A-Ball", and several new games are being planned for future manufacture.

# State Senator Asks Improved Coin Register

OLYMPIA, WASH. — If the contentions held by Senator David C. Cowan, of Spokane, are held by many public officials in many other territories, then what the industry needs for wider public acceptance may be an improved coin register.

At least that's what Senator Cowan wants.

Cowan is chairman of the public morals committee of the state senate, into which many of the controversial bills relating to bells and pin-games and taxes on them are being shuttled.

"It will be easy enough to determine the tax on them," Cowan remarked. "But being sure we get all the money coming to us is another matter."

Cowan claims that the registers currently used on the machines are "not practical" because the tax is computed on the gross income of the machine after payment of coins to the player.

# Montana Atty. Gen'l Issues Ruling On Bells

HELENA, MONT.—According to a ruling handed down recently by R. V. Bottomly, the attorney general, the State Board of Equalization may require any applicant for a license to operate bell machines to furnish such facts as are deemed necessary to determine whether it is, in fact, a non-profit organization.

# Postel Takes On 'Electro' Cig Vender

MACK H. POSTEL

CHICAGO—Mack Postel, well known candy and cigarette machine distributor in the middle west territory, has just returned from New York City, where he concluded an arrangement to cover the middle western area for C-8 Laboratories, Newark, N. J., manufacturers of the electric cigarette machine "Electro".

Postel spent about a week in New York City completing all arrangements with his new factory. He will now cover his territory completely, visiting the many customers he's been seeing for so many years. "I am going to make a thorough coverage of all my territory" Postel informs us "and shall have a sample of the 'Electro' along with me to demonstrate."

# NEW YORK CITY PREPARING AMUSEMENT MACHINE ORDINANCE

## Expected To Take Effect March 15

NEW YORK CITY—A proposed ordinance has been worked out by the License Commissioner's office here, which is expected to go into effect March 15, licensing the operation of amusement machines.

The law, as proposed, hasn't met with the approval of some interests, and efforts are being made to acquaint the writers of the ordinance with its weaknesses. Particular group which will be adversely affected if the ordinance is passed as outlined will be the owners of Arcades. At present they are paying a $50 common show license, and under the new ordinance would be taxed $10.

Other objections have been raised on the method of payment of the tax; distance of location from schools, churches, etc.; proposed taxation payable for each machine placed on location instead of yearly location tax regardless of how many games are necessary to make location profitable;

All machines must be submitted to the License Commissioner's office for approval, and section "B" of the ordinance reads "Nothing in this article shall be construed to authorize gambling.

Complete details of the ordinance, in its final and official form, will be printed in *The Cash Box*

# SAMUEL "CURLEY" ROBINSON SEES ALL BIZ BACK IN LOS ANGELES COUNTY WITHIN A YEAR

## Ops Will Work Under Present Phono License Which Also Licenses Amusement Type Games; Roll Down And Arcade Type Games Okayed. 16 Cities of 47 In L. A. County Will Retain All Type Machines. Foresees Master License To Cover All Types Within A Year.

SAMUEL (CURLEY) ROBINSON

LOS ANGELES, CALIF. — Samuel "Curley" Robinson, managing director of AOLAC, who won the CMI award for the best public relations job of 1946, today is receiving further praise by the members of the industry for the great job he's done on the present situation in L.A. County.

Operators have been given an okay to run roll down and arcade type games which will work under the present phono license. Robinson considers the operators fortunate that the phono license included amusement type games. However, he made it a point to declare he foresees all business back within a year with a master license to cover all types.

At an open meeting of the L.A. County supervisors, there was no protest made against the operation of the above type of games. In addition, altho there are over 400 newspapers in L.A. County, only 21 inches of publicity was printed about the county going down. Operators credit "Curley" with a tremendous job in this instance.

Robinson tells us, "The Associated Operators of Los Angeles County will continue on as in the past, and shall do a greater public relations job than ever. This territory has been open for about 10 years, and as is natural enough, the operators became promiscuous—they forgot to be careful—they talked out loud — they forgot that our business must be conducted at a higher level than any other. However, by conducting our business properly, we should see all business here back within a year".

Operators, who were looking at the local picture with concern, are now very happy over the way the situation cleared istelf, and are optimistic that within the year business will completely return, as Robinson predicted.

## Alvin J. Goldberg Dies

CHICAGO — The coin machine world was saddened by the sudden, untimely death of one of its best known members when news was released here that Alvin J. Goldberg had died at Michael Reese Hospital on Friday morning, February 21st. He was forty-four years of age.

Nationally known as one of the leading members of the Rudolph Wurlitzer Company's distributing organization, Alvin Goldberg's last business affiliation was with the firm's headquarters in this city from which he was compelled to retire some months ago due to his failing health

He is survived by his wife, Josephine Goldberg, and a son, Joel.

Many top Wurlitzer executives arrived here during the week-end to attend the funeral, scheduled to take place on Monday, February 24th, from the Piser Funeral Home, located at Stony Island Avenue and 69th Street, Chicago.

# THRU THE COIN CHUTE

# CHICAGO CHATTER

With the excitement of the recent convention over, and those visitors who stayed on for a week or so extra gone, the factories are putting all their time and efforts into getting their production stepped up to fill the orders that have piled up. . . . Chicago is still in the throes of zero weather and plenty of snow, and whoever can spare the time, and those coinmen who have been working so hard for the past weeks, are stealing down to Florida for a short spell.

* * *

Richard (Dick) Groetchen, Groetchen Tool & Mfg. Corp., a regular commuter to his winter home in Hollywood, Florida, leaves again for a few weeks visit with his family. . . . When Max Glass heard about the weather here, he decided to remain in Florida until the baseball teams finish their spring training. . . . Another coinman bound for the sunny climes is Jack Simon of Central Manufacturing Co., who hopped a train right after the convention, and expects to stay in Florida for about a month. . . . Mack Postel, cigarette distributor here for many years, returning from New York City and announces he's representing C-8 Laboratories on their electric cigarette vender for the mid-western states.

* * *

Dave Yaras (American Amusement Co.), who has been basking beneath the Florida sun, is expected back sometime this month. Meanwhile, his pardner, Harry Brown, has been traveling here and there visiting with coinmen. He is now making plans to go to California within the next two weeks. . . . Jack Nelson, who is handling the appointment of distributors in the Central West for Adams-Fairfax Corp., Los Angeles, Calif., manufacturers of the "Cash Tray Salted Almond Vendor", announced the appointment of the following distributors: Max Lipin of Allied Music Co., Detroit, Mich. and Koers Distributing Co., Rapid City, S. D. Nelson, who is also the national distributor for Allite's "Strikes 'N Spares' really had quite a busy time of it at the convention. Many distributors were signed up for this bowling alley, among those: Atlantic Distributing Co.; Scott-Crosse Co.; and Supreme Distributors, Miami, Fla.

* * *

Gil Kitt, Empire Coin Machine Exchange, leaves for Baltimore to attend the grand opening of The General Vending Sales Co., and since it is his home town—he plans to spend some time visiting with his folks before returning to Chicago. . . . John Niece, Sales Manager, O. D. Jennings & Co. (Western Division) is away on a business trip. . . . Joe Beck, Telequiz Sales, reported in the East on a business trip. . . . Bill Perry, Marvel Manufacturing Corp., elated over the rush of orders on their game "Carnival", which they introduced at the recent CMI show. . . . Among other coinmen leaving for Baltimore for the General Vending party are Raymond Bacon, V. P. of O. D. Jennings & Co.; Sol Gottlieb; Al Douglis; and R. R. (Rudy) Greenbaum of Aireon Mfg. Corp.

* * *

Over at Monarch, Vince Murphy and Clayton Nemeroff tell us they have been burning the midnight oil trying to keep up with the huge demand for both new and used equipment. . . . DeWitt (Doc) Eaton, vice president and general sales manager of A.M.I., back from his recent eastern trip . . . Fred Mann, Aireon regional sales director, leaves for New York City . . . Harry Williams, Williams Manufacturing Corp., deep in plans on something new and sensational. . . . H. Brink, The H. Brink Co., Butte, Montana, visits along Chicago's coinrow, and stops off to say hello to Jack Nelson, an old pal. . . . Superior Products Co. moves to their own large plant at 2133 Fulton St. . . . Mr. and Mrs. Ben Coven leave for a month's vacation in Miami Beach. . . . J. T. Bryson is a new addition to the Chicago A.M.I. sales staff.

* * *

Charlie Katz, Esquire Games, returned to New York City for a short while. When he returns, we understand Leon Berman will leave for the East. . . . With Los Angeles asking for amusement type games, and the possibility that New York City will soon have games licensed, Chicago manufacturers are giving a great deal of thought to that type of equipment. . . . Walter Gummersheimer, the general sales manager for Wilcox Corp. of St. Louis, attended the recent convention and was he a busy man. Walter has a million friends, and he had to keep shaking hands all day and night. (Who can forget the smiling Walter some years ago, when he introduced the popcorn machine?) . . . "There's no let-up" claim George Jenkins and Herb Jones of Bally. "We slaved night and day to prepare for the C.M.I. show, and now we're grinding out the hours taking care of these orders."

# EASTERN FLASHES

New York ops are watching the License Commissioner's office these days, awaiting tax ordinances on both music and amusement machines. Complete information should be available soon as it is expected these ordinances will take effect starting March 15.

* * * *

The wholesalers here will be meeting in a week or so to arrange plans for an organization to overcome many of their present problems. The organization will be comprised of those wholesalers dealing in music and amusement machines . . . Mack Postel, Chicago cigarette distributor, in town for a week. Mack takes on the C-8 Laboratories' "Electro", electric cigarette machine, for the middle western states . . . Joe Eisen and Phil Mason of Joe Eisen & Sons, in Florida for a few weeks, while Sid Mittleman and Buddy Eisen remain at home, expecting deliveries of the Packard phono any day . . . Dave Lowy thinking over some pretty big plans, and may be able to make an announcement very shortly.

* * * *

Barney (Shugy) Sugerman, Runyon Sales Co., spends a busy day in his New York office. Plenty of AMI's, Telomatic's and records being shipped these days . . . Mike Munves has a fancy low license number on his car, bearing his initials, no less. That and a ten dollar bill will pay for passing a red light any time . . . Bert Lane and Meyer Parkoff, Atlantic Distributors, busy arranging details for their removal to new quarters in about six weeks. Atlantic have acquired 30,000 square ft. of space. When the offices and showrooms are complete, it is expected that they will be the most elaborate in the East. The new location will make it possible to have all Atlantic's facilities under one roof. Present headquarters on 10th Avenue will probably be rented out temporarily, as Atlantic intends to use the large plot to build their own building when materials become available.

* * * *

Dave Stern, Harry Pearl, Tom Burke and Everett Masterson of Seacoast Distributors have arranged a three day service lecture and demonstration to be held at their New York City headquarters. Jules Mayers, manager of the local office has arranged seating capacity for quite a large gathering of operators and their mechanics. John Cox, divisional manager for Rock-Ola Manufacturing Corp., Dan Woods and Jack Barabash, engineers from the factory, will conduct these classes on Tuesday, Wednesday and Thursday . . . We want to apologize to Jack Cooper of Modern Music Sales Corp. for referring to him in last week's column as Jack Gordon. We were probably thinking he deserved the rating of "Flash" Gordon—remember—he became the father of twins, a boy and a girl? . . . Earl Winters of Modern has been on the road (upstate New York) for the entire week, and Nat Cohn, the other half of the firm, announces the acquisition of Henry Seegers to head his newly organized service department where phonos of all makes will be serviced.

* * * *

We finally found out how "Senator" Al Bodkin gets those sensational ties. It seems that Bill Wayne of Kronfeld's invites the "Senator" out to lunch every Tuesday. Somehow or other, Wayne always walks Bodkin past the tie display at 49th Street. Once the "Tie Happy" Bodkin gets one look—he's sunk! . . . Lou Jaffa, well known cigarette machine executive from the days of Stewart & McGuire, now sales promotion manager for C-8 Laboratories, Newark, N. J. . . . Murray Goldberg, Firestone Enterprises, Inc., Brooklyn, N. Y. claims orders for his games keep piling in. Murray running away to Miami Beach for a short rest, leaving everything in the hands of Jack Firestone . . . Irv Mitchell, Skill Games Corp., manufacturers of the new "Bouncer" counter amusement game, reports many orders and requests for exclusive territories being received. He's busy trying to organize the proper distributor set-up. Bob Scher, Irv's associate, will be traveling thru New York State when you read this.

* * * *

George Ponser and Irving Kaye, Amusement Enterprises, Inc., shipping plenty of "Whirl-A-Ball" counter games. Ponser busy concentrating on setting up distributors thruout the country . . . Hal March, Brattleboro, Vt., visits New York on his way south, and is stuck in the city for three or four days. Hal's car broke down, and he had to await the pleasure of a repairman. Hal reports pretty fair business up in the cold country . . . The dinner and reception in honor of Gary Cohn's Bar Mitzvah given by Mr. and Mrs. Nat Cohn was an event that will be talked about for days to come. Held in the main ballroom of the swank Hotel Del Mar on the boardwalk at Rockaway Park, N. Y., the party ran far into the wee hours of the next morning. In addition to one of the finest meals, continuous high grade entertainment was on tap for hours. Enric Madriguera and his beautiful vocalist, Patricia Gilman, guests of Cohn, entertained the gathering with some of their latest recorded numbers . . . Irv Sommers, Southern Modern Distributors, Miami, Fla., stopped off on his way home from Chicago to attend Nat's party . . . Jack Fitzgibbons, Jafco, Inc. and Musical Minutes, Inc., returned from a week on the road and was in particularly optimistic frame of mind.

* * *

Sidney H. Levine and his wife Nan the life of every party. . . . Sol Tabb, Hi-Sol Music Co., had his toe broken when a phono fell on his foot. . . . Frank Brocolli, Braddock Music Co., left for a two week vacation under the suns of Miami Beach. . . . Jim Healy, Emby Distributing Co., home ill. . . . Sam Sehrs bought out the route of Dave Barracas, Melotone Music Co., and is operating under the name of El Morrocco Music Co. . . . E. C. King, G. I. Music Co., sold his music route to Louis Futterman, and left for Hot Springs, Ark. where he is setting up permanent residence.

# CALIFORNIA CLIPPINGS

Before a record turnout of members, Samuel "Curley" Robinson, managing director of the A.O. L.A.C. called upon the boys to keep the association going and to give him and the board of directors their whole hearted support at a meeting held this past week at the Rodgers Young Auditorium on Washington Blvd. Curley pointed out many reasons behind the recent action of the Board of Supervisors in ruling out most of the coin operated equipment and of his valiant fight to keep some games going such as roll down and arcade equipment. Robinson pointed out the great need for continuing the fight against a recent flood of bills submitted in the California legislature which bills range from taxing all vending machines and phonographs from $10.00 to $200.00 a year to completely outlawing all coin operated equipment. . . .

"Hum Brokamp still talking about the swell show and thumbing thru the many many orders still coming in for the new Pantages Mirrored Music job, Brokamp informs that their firm is planning a big national advertising campaign which they plan on starting in the very very near future. . . . We hear that Ken Brown and associates of coinamatic distributors have been appointed as factory regional representatives for Rock-ola phonos, this will not affect Badger sales who will continue to distribute the Rock-ola phono as in the past. . . . Lyn Brown recently appointed factory distributor for Scientific Machine Corp. for California, Oregon and Washington, expects several samples in this week, Lyn expects to make deliveries of the new Pokerino which should be in great demand in this territory. . . . Crystalette Music Co. manufacturers of coin operated radios in Long Beach have expanded their plant for increased production according to C. W. Coleman to meet the ever increasing demand for their equipment. . . .

Business perked up a bit this past week along coin row with many ops making purchases and livening things up a bit, among those were: Jack Arnold, Barstow: M. Dean, San Bernardino: M. Robertson, San Bernardino: Johnny Nelson, Inglewood: C. Hathaway, San Luis Obispo: J. B. Mathews, Hawthorne: Vern Raw, Seaside, Oregon: E. E. Peterson, San Diego: Chris Torrez, Westmorland: Tommy Fikes, Tulare: J. M. Holmes, Glendale: Scott Dreyer, Whittier: E. G. Lewis, Klamath Falls, Oregon: Sam May, Dallas, Texas: Loring D. Wekstrom, San Jose: George Koch, Lake Arrowhead: V. I. Davis of Los Angeles: . . . Was just thinking how lucky many of the ops are who just a few short weeks back just couldn't give away certain games and to-day with the local situation being what it is those same games can replace much of the equipment that will have to be removed from locations and at the same time have increased in value

Paul and Lucille Laymon . . . now there's enthusiasm for you . . . they enjoyed the convention so much that they stayed over two weeks after the show closed. No doubt the folks ran over into Hoosierland to visit many of their folks and old friends in their Indiana home town. Paul and Lucille stayed away so long with the comforting knowledge that they left their offices and showrooms in the very best of hands, Ed Wilkes, who is not only a very capable young fellow but has lots of that stuff called charm and personality and is a credit to the Laymon firm. . . . The boys are still kidding I. B. Gayer about his radio appearance while in Chicago. Gayer was interviewed about the coin machine business and put in several nice plugs about sunny California while the natives in old Chi were freezing to death.

Bud Parr of Solotone is up and about again after a long siege with that old man flu. Parr has been receiving some terrific orders for the firm's newest and latest music equipment and with their plant going to full capacity expect to keep filling those orders as fast as they come in. . . . A new coin operated radio has made its entrance into the coin field named Melody Time and is being manufactured by the Commercial Coin Radio Company, H. G. Sherry has been named General Manager . . . Len Micon of Pacific Coast Distribs has been displaying a new roll down game his firm will distribute . . . Merle Connel of Quality Pics has been finding it hard to settle down after having such a swell time in the windy city. Merle was seen talent hunting at the 606 club in Chicago and has signed many of the gal artists for his next opus and from what we saw it should show well on 16 M.M. coin film which will be shown in panorams and Solovues. Merle when last seen was planning on interviewing the gals over at McGoverns on the near north side of Chicago

Leonard Baskfield of E. T. Mape of San Francisco is spending a few days in town with Ray Powers sales manager of the local Mape sales rooms and offices . . . Nels Nelson has a couple of irons in the fire and expects to come up with a good line of games soon. Nels in the meantime has been selling lots of new Aireons and has kept his service shop boys very busy on rewinding motors and general phono repairs for many of the phono ops who look to Nels to keep their equipment in good shape and in good working condition.

Jay Bullock of S.C.A.M.O.A. called a very important meeting of his members this past week . . . George Ehrgott of Mills Sales likes to work late as I dropped in to his offices as late as seven in the evening and found George showing customers around and selling equipment, George says that it's never too late to make a sale . . . Bill Happel, Jr. of Badger Sales has been gathering lots of new games into his showrooms to meet the demand for the new type of manually operated and other type of legal game for use in the county in Southern Cal. and from the looks of the crowd of ops shopping there this past week those games won't last long . . . We are waiting for that big announcement from William Schrader of the Allite Manufacturing Company, producers of "Strikes 'N Spares". Bill has promised an important announcement soon on distributorship appointments . . . Hannen Engineering Company has produced a new coin operated radio which they may announce soon . . . Elky Ray is dancing with glee because he had the good foresight to buy up many unwanted arcade pieces and roll down games which are at a premium here now, smart boy this Elky.

## MINNEAPOLIS

Mr. and Mrs. Gerald C. Johnson of Menomonie, Wisconsin, celebrated their 17th wedding anniversary by spending two days in Minneapolis. Just another honeymoon for them . . . Harry Galep, also of Menomonie, drove down to town yesterday just for the day to call on a few distributors in the Twin Cities . . . Gerry Hardwig of St. Cloud casually dropped into Minneapolis and out again . . . Leonard Anderson of Hudson, Wisconsin, accompanied by his four-year old son drove into Minneapolis and spent the day visiting a few distributors.

Mr. G. E. Baird of Cub Products Company, Huron, South Dakota, stopped off in Minneapolis enroute home from the show in Chicago. Mr. Baird spent several days there after the show had ended calling on a few of the manufacturers and enjoying himself. All and all, he had a nice two weeks vacation . . . The South Dakota operators are holding their quarterly meting at the Carpenter Hotel in Sioux Falls, South Dakota, February 24 and 25. Having spoken to several South Dakota operators, we found that they like the idea of these meetings every three months as it gives them a chance to air their troubles and get a few things ironed out.

Mr. and Mrs. Sid Kern of Menomonie drove into Minneapolis just for the day and Mrs. Kern took advantage of this trip to call on a few department stores . . . A long time no see visitor in Minneapolis was Bill Welsh of Chippewa Falls, Wisconsin, who drove into Minneapolis just to see a few of his friends in the business. Bill hasn't been up here since last summer . . . This past week seems to be Wisconsin week as Garfield Brown and his charming new wife, also of Chippewa Falls, drove in to spend a few days . . . Roy Foster of Sioux Falls, South Dakota was in town this week calling on a few distributors and always busy . . . Mr. and Mrs. Verling Geib of Deadwood, South Dakota, drove into Minneapolis for a few days . . . Gil Smith of Fargo, North Dakota, is doing a little expanding as he and Morris Shapero have opened new territory in Montana. Morris is making his home at Glasgow, Montana, and will operate from there.

Art Berg of Fairmount, Minnesota, and his pals, in town Monday to see the finals of the Golden Gloves tournament at the Minneapolis auditorium . . . J. Allen Redding of Houston, Minnesota, in town, but to see Minnesota beat Iowa at basketball . . . Elias Atol of Duluth in town and going back shortly . . . Harry Partridge of Mora, Minnesota, drove down to Minneapolis just for the day and left shortly afterwards. His first visit in to the Twin Cities in quite a time . . . Congratulations Department—Morris Goldman, bookkeepr at the Hy-G Music Company announced his engagement to Mae Ziddel of this city.

## ST. LOUIS

The gay times at the Show were enough to make more than one St. Louis coinman trek South to New Orleans for the Mardi Gras. Charlie Larcom, pinball op, took the missus down to stay on a Mississippi houseboat during the event, while Carl Trippe of Ideal took off a few days for the same purpose. They say Carl won't need a mask!

It was a slow week at most distributors' showrooms, as the boys held off for new equipment. Earl Wilson of Annal, Illinois, got a new phonograph as did Victory Amusement Company in Collinsville, and Slava Zitta, East St. Louis op. We saw Bill Offenbach, whizzing by with his truck servicing what has become the biggest string of cigarette vendors on the East Side. Bill owns his own cigarette and general tobacco wholesale house now.

A few vending machine ops are breathing a sigh of relief as the police rounded up a gang of kids who had been running off with nut vendors here and there. All vendors were reclaimed, unhampered, from closets and basements. None of the kids was more than ten years old, the St. Louis papers say.

Andy McCall of McCall Novelty Company is probably the only big-scale operator in the country whose business bookkeeping is done on a Chinese abacus. On Andy's staff is a Japanese businessman who can click the beads around on the ancient oriental calculator faster than anything Burroughs ever put out—and everything from taxes down to payroll is figured on it.

Phonograph ops report that they are scrambling madly to buy anything Al Jolson ever put on a record. The "Jolson Story" appearing here apparently hit the public fancy harder than any of the previous musicals based on singers' lives — anyhow, taverns are resounding with "Swanee" and "April Showers".

Del Veatch, of V. P. Distributing Company, is taking it easy with a cold. Also on the sick list is Jimmy Carmody, local op, who is having a bit of trouble with "the ticker" as he puts it. A could floored Jimmy for a while, too.

Visitors around the circuit this week were Slava Zitta of East St. Louis, S. C. Hawkins of Carrolton, Illinois, who snagged a couple of timeworn phonographs, and Frank La Chance of Modoc, Illinois. Abe Jeffers of G. J. & L. Amusement Company put in part of the CMI Show winnings he earned at gin rummy into new pin games. Abe is still sticking to pin games and ignoring the music field.

Walter Morris of J. S. Morris & Sons reports that father J. S. Morris has rented a four room bungalow out in Phoenix, Arizona, and will loaf there a few more months to recuperate from his illness.

Long time since we reported a new entry into coin machine families. This time it's little Sandra Schneiderjohn, 7 pound daughter of Joe Schneiderjohn, veteran salesman over at J. S. Morris & Sons.

## BY CONSENSUS OF SHOW OPINION

## BALLY ENTRY AUTOMATIC MULTIPLE

## SPECIAL ENTRY REPLAY MULTIPLE

More fun and thrills for players! More profit for operators! The new "Mystic Flash" feature introduced in BALLY ENTRY and SPECIAL ENTRY magically transfers Win-section of play-field to top of the board—to sections which normally score only Purse or Show. And players play, not merely two to four coins per game, but five, six, eight or ten . . . to catch the "Mystic Flash." See the amazing, revolutionary "Mystic Flash" feature in action . . . and you understand why America's smartest operators call the "Mystic Flash" the greatest profit-booster since the introduction of the multiple feature.

BIG ODDS DISPLAY . . . starting with 3-to-1, instead of old style 2-to-1 . . . is another play-stimulating innovation of BALLY ENTRY (Automatic) and SPECIAL ENTRY (Replay). Positive multiplied odds . . . 160 top . . . dramatize the multiple feature and encourage multiple-coin play.

MOTOR-OPERATED SHUFFLE eliminates "shuffle-fatigue" and speeds up play. Start your 1947 operations with multiple games built for modern operating conditions. Play-boosting and cost-cutting features built into Bally's new multiple masterpieces can easily double or triple your normal one-ball profits.

For prompt delivery order today!

## DeLuxe DRAW BELL

All the bell-fruit flash and spinning-reel action of Draw Bell . . . plus the big 1000 Super-Special popularized in Triple Bell . . . plus the new EXTRA DRAW feature that permits players to deposit three, four, five coins per game to hold favorable reels and spin again for a winner! That's Bally's new luxurious console, DE LUXE DRAW BELL. Equip your locations with the fastest profit-producer ever created in the bell-console class . . . . order DE LUXE DRAW BELL now. *Specify nickel or quarter play.*

## TRIPLE BELL

**TRIPLE PLAY! TRIPLE PROFIT!**

*Triple Coin Chutes* permit three players—or three coins—every spin. 1000 *Super Special Awards*, plus plenty of other big awards and single-cherry awards, insure continuous repeat play. Deluxe cabinet in rich wood-grain finish. Trouble-proof mechanism. Any coin-combination—Nickel, Dime, Quarter.
